

RHE Curriculum Intent

The intent of our RHE curriculum is to deliver a curriculum that will maximise the outcomes for every student enabling them to become healthy, independent and responsible members of society. It helps them to understand how they are developing personally and socially, and tackle many of the moral, social and cultural issues that are part of growing up. We provide our students with opportunities for them to learn about rights and responsibilities and appreciate what it means to be a member of a diverse society. Our students are encouraged to develop their sense of self-worth by playing a positive role in contributing to school life and the wider community.
