Dear Parents/Carers,

We have had an amazing science week at Shirley Warren and all the children have been working so hard. We've been carrying out experiments to see if gummy bears can change size, and they definitely can! When we added gummy bears to water, they tripled in size and changed colour, but when we added them to salt water, they shrunk.

In assembly, we also created elephant toothpaste and this was really exciting!

In addition, Year 6 have been working with the hospital to become 'health heroes'. They've used monitors to investigate heart rate, created blood and 3D models of the heart, learnt all about the circulatory system and much more.

Have a lovely weekend.
