

Shirley Warren June News

Shirley Warren Primary and Nursery School, Warren Crescent, SOUTHAMPTON, SO16 6AY
25th May 2018

Dear Parents and Carers,

This term has started so well with the lovely weather and lots of exciting events to look forward to.

The children have been growing vegetables in our gardens in preparation for the **Southampton in Bloom Competition**.

The children are also looking forward to enjoying a range of school trips linked to the curriculum; we are always so impressed with the behaviour of all of our pupils. Thank you if you have agreed to help out on any trip.

We are **so proud of our children** and how hard they work. We are very proud of all our children who have taken end of Key Stage assessment just before half term .

We are very happy to be welcoming back staff from maternity leave. It has been lovely to see Miss Neofytou, Miss Campbell, Miss Lynch and Mrs Donovan. So many lovely Shirley Warren babies.

Our children and **PTA 'Friends of Shirley Warren'** are preparing to raise even more money this term with our **Summer Fair**. They would love any offers of help as it is a massive task to organise. We are raising money to resurface the play area in our Reception playground.

It is national **clean air week** starting Monday 17th June. We have recently taken part in an air quality monitoring session around school and the road outside with Southampton City Council and the results are in. We were mainly showing **amber** which means '**medium**' pollution levels. The air quality within the school was '**good**'. Although the outside air is 'medium' it is important to continue to encourage children to walk to school to try and improve the quality of the air our children breathe. Most of our families live within catchment so the **walk to school** is a great opportunity to get active and help the environment. Please see the latest Air Quality Newsletter for lots of great ideas and information about the upcoming Scooter Challenge.

We hope you all have a fantastic rest of term.
Best wishes

Mrs Mann

MUSIC

Children from the KS2 choir took part in a workshop and went to see a concert by the Welsh National Opera at the Mayflower theatre.

We all enjoyed a visit from Rocksteady and everyone took part in workshops. I wonder who will be creating their own Rock Bands next term? (more photos to follow after the workshops)

Year 4 put on a concert for their Mums and Dads to show their learning on the instruments this year.

OUT AND ABOUT

Year 1 visit amazing animals at Marwell Zoo.

As part of our Amazing Animals topic **Year 1** had a day out at the zoo.

We discovered lots of interesting facts about animals from all around the world that we wouldn't normally get to see.

One of the zoo keepers had mixed up all of the mammals, reptiles, amphibians, birds and fish, but luckily we were on hand to help her sort them all out again!

Some of us were even brave enough to touch the rats and snakes !!!

Jessie & Friends – a new resource to use with 4-7 year olds

Children are accessing technology and the internet at a younger age than ever before. It's never too early to talk to your child about what they do online and who to tell if they come across anything online that makes them feel worried, scared or sad.

Jessie & Friends is a new resource that your children may have used in school but highly recommended that parents with young children use it at home too. The resource has three short animated films following the adventures of Jessie, Tia and Mo as they begin to navigate the online world, watching videos, sharing pictures and playing games. There's also a storybook for each episode, to help you and your child keep the conversation going.

The key message throughout Jessie & Friends is that if a child is ever worried by anything online, they should tell a grown-up they trust, who will help them.

The resources can be found here:

Challenge your children to a quiz

Who knows the most about the online world in your home, parents or children?

Get the whole family together and try the O2 NSPCC Parents vs Children quiz. The game can be played one on one or in teams on an Amazon Echo, or on your mobile, desktop or tablet.

A really fun way for the whole family to learn together about staying safe.

We have been made aware of a website called lostallhope.com which is a risk to vulnerable people as it promotes suicide and includes related statistics. This is of course blocked by the filters in place on the school system but you may like to block access to this website on your systems at home.
